- Acceptance Test Support
- Hardware and Software Integration Services
- Configuration Management Techniques
- Hardware and Software Design Development Technical Support
- Independent Verification & Validation (IV&V)
- Proposal Writing

▲ Some Of The Ways We've Helped Our Customers Achieve Their Goals

- Getting a derailed project back on the track to recovery.
- Strategically enhancing an existing workforce in times of need.
- Outsourcing to fill unique competencies.
- Partnering in teaming agreements for that perfect fit.
- Leveraging existing knowledge base in lieu of learning curve/spin-up.
- Gaining technical expertise and oversight for critical tasks.

ASI is ISO 9001:2000 Certified
